All employee personal travel shall likewise be subject to a separate directive issued by the Tribal Health Department pursuant to Resolution GR-034-21. Tenth, all Community departments and employees shall continue to comply with all other provisions of the comprehensive "Tribal Government Return to Work Plan," and their department or program plans. All Community services will be provided at 100%.

Eleventh, under the Communicable Disease Ordinance, GRIC Code Title 17, any individuals who (i) have tested positive for COVID-19, have been diagnosed with COVID-19, or have been advised to self-quarantine by a health care professional or the Tribal Health Department, and (ii) do not submit to a voluntary quarantine may be subject to a written quarantine directive by the Tribal Health Department and court-ordered quarantine by the Community Court, enforceable by the Gila River Police Department. All Community Members and residents of the Reservation are strongly encouraged to follow the directions of their health care providers and the Tribal Health Department with respect to measures addressing the COVID-19 Pandemic.

Twelfth, the Gila River Police Department is authorized and directed to enforce the Eleventh Clause of this Executive Order No. 14 under the applicable provisions of the Gila River Indian Community Code.

Thirteenth, until further notice, all persons including Community members, employees and visitors over two (2) years of age who are present within the boundaries of the Reservation shall wear a protective face mask, while inside any tribal government building or while inside any school located within the Reservation, regardless of

Fourteenth, I hereby direct that all employees of the Community, regardless of vaccination status, must be tested for COVID-19 as directed until further notice. Any Community employee who displays any symptoms of the COVID-19 virus is encouraged to utilize home COVID-19 testing and testing through a health care provider if necessary. Employees of the Community government who refuse testing or fail to show up for testing as directed will be subject to disciplinary action. The results of any testing shall be kept confidential in accordance with applicable law and positive test results shall be reported as required by Community or federal law.

Fifteenth, I hereby direct that the Community shall also make COVID-19 testing available, subject to availability of funds, to the following groups of individuals on a regular basis or as directed until further notice:

- Community Council and elected and appointed officials of the Community
- Employees and students of all schools located on the Reservation
- All Community Members, including Urban Members residing in the surrounding communities
- Employees of all wholly-owned Community entities or operated entities, with the consent of those entities
- Employees of Boys & Girls Clubs on the Reservation
- Such other groups of individuals as may be designated by the Executive Office in writing

Sixteenth, I hereby direct that all schools located on the Reservation may reopen subject to the approval of an amended school reopening plan by the Education Standing Committee and Health and Social Standing Committee. To

the greatest extent possible, schools should offer synchronous learning through which instructors provide instruction in real-time to students.

Seventeenth, schools in the Community may continue to provide on-site services to children with developmental delays or impairments who have specific Individualized Education Plans (IEPs) or students whose needs cannot be met through virtual learning, so long as social/physical distancing guidelines are followed, all students, staff and visitors wear face masks indoors and utilize other appropriate PPE and COVID-19 prevention measures.

Eighteenth, I hereby direct each school on the Reservation to continue their plans for providing meals for students and other school-aged children who are learning remotely, using existing resources that each school has available to it. To the extent such meal programs exceed the resources available to any such school, such school may request such funding as may be necessary from the Community Treasurer. Such meal plans must include adequate public health safety and COVID-19 prevention measures.

Nineteenth, all individuals who have not been fully vaccinated in accordance with guidelines from the Centers for Disease Control and Prevention residing within the Reservation are strongly encouraged to stay at home as much as possible. I emphasize that, for those not fully vaccinated, the safest place continues to be at home and that staying home is the best way to protect yourself and others from getting sick.

Twentieth, I urge all Community members, employees, and all others eligible to receive a COVID-19 vaccine or booster do so at the earliest opportunity possible in order to help ensure the health and safety of our entire Community.

DONE THIS 11 DAY OF MARCH, 2022.
